Mon, Apr 8, 2024 at 2:43 PM

With due respect !! I am Dr. V.suzan Shalini, Dean student activity centre of VMTW I am writing to discuss a potential industrial trip for the students of 2ND year students of **CSE ,IT, AIML ECE, CSD** Departments at our institution.

We are planning to organize an industrial trip for **500 students** to visit the facilities of Infosys Limited. We believe that such visits are instrumental in providing our students with practical insights into the corporate world and its operations. Furthermore, it offers them the opportunity to interact with professionals and gain valuable knowledge that complements their academic learning.

Considering the convenience of both parties, we propose scheduling the industrial trip on either **15th or 16th April 2024**. However, if these dates are not feasible, we are also open to scheduling the visit on **18th or 19th April 2024**, whichever is more suitable for Infosys.

Our objective is to provide our students with an enriching experience that aligns with their academic pursuits and career aspirations. We are confident that a visit to Infosys will inspire and motivate our students to excel in their chosen fields.

We kindly request your assistance in facilitating this industrial trip and coordinating the logistics involved. It would be greatly appreciated if you could confirm the availability of dates and provide any necessary guidelines or requirements for the visit.

Please feel free to contact me at **7013207819** or via email at suzan@vmtw.in to discuss this matter further.

We look forward to your favourable response and the opportunity to collaborate with Infosys for the benefit of our students.

Thank you for considering our request. We eagerly await your response.

Warm regards,

Dr.V.suzan shalini

Report

Name of the course: INFOSYS INDUSTRIAL VISIT-2024

Day/Duration: 19th JULY 2024, Friday.

VENUE: INFOSYS CAMPUS-Pocharam village, Singapore Township PO, Ghatkesar.

AGENDA:

- To get an overview of Infosys' business products, and services
- Description of the company's various segments, such as IT consulting, systems integration, and business process outsourcing
- Information about the company's global presence and client base
 - ♦ **Insightful Sessions:** We gained valuable knowledge about emerging technologies such as AI, Blockchain, and Cloud Computing. The presentations on cutting-edge projects showcased Infosys' commitment to innovation.
 - ♦ **Campus Tour:** The Infosys campus in Pocharam village, Singapore Township PO, Ghatkesar is a perfect blend of advanced infrastructure and eco-friendly initiatives. The innovation labs and vibrant workspaces were particularly impressive.
 - ♦ **Engaging Q&A:** Interacting with industry experts was a highlight of the visit. Their insights on career growth, industry expectations, and real-world applications of our studies were immensely valuable.

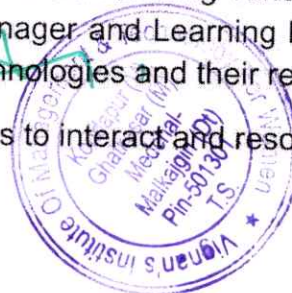

ABOUT THE EVENT:

The Infosys Industrial visit was a one-day long event for students. The day started with a welcome note by Ms. Simran followed by an insightful session briefing various aspects of the company and current technologies. Mr. Nivas -DC Manager and Learning Partner at Infosys joined the session and explained about the current technologies and their requirement.

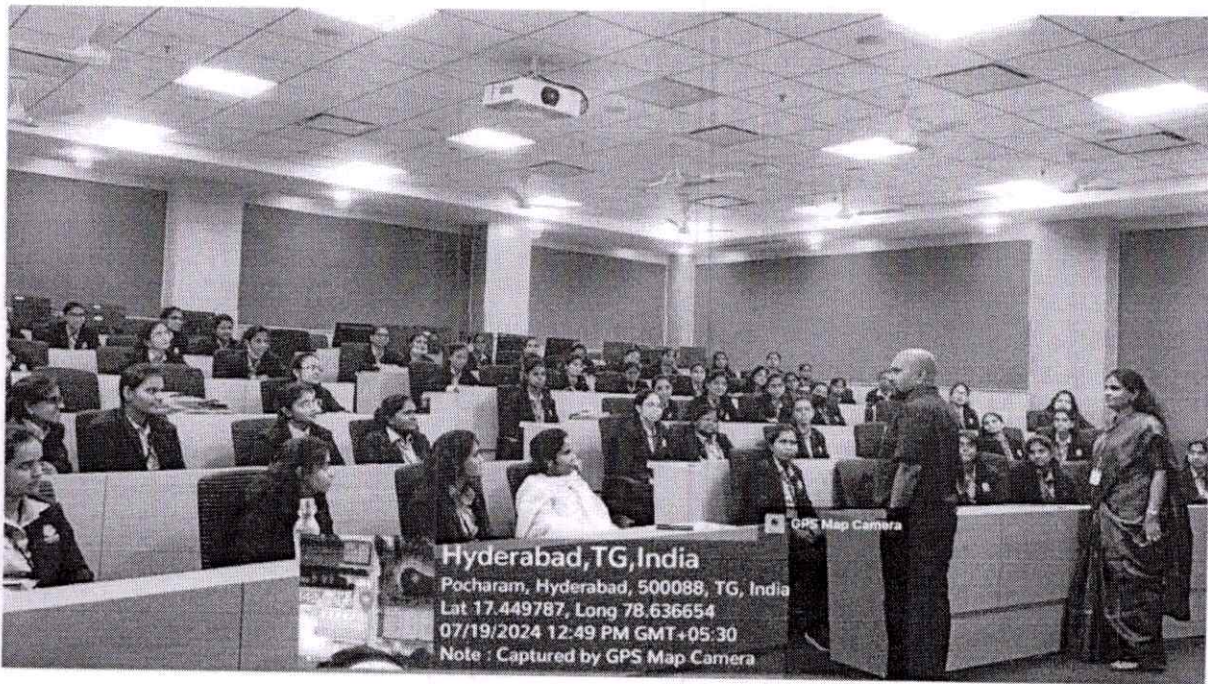

The session also included a Q&A and provided students to interact and resolve their queries,

Principal

Vignans Institute of Management & Technology For Women
Kondapur (V), Ghatkesar (M), Medchal-Malkajgiri (D)-501301,
Telangana State

take their insights, opinions on the trends on job markets. The session was concluded by Mr. Santhosh Kotapally who briefed us about the work culture, resources available and various topics the company focuses on.

ABOUT THE COMPANY:

Infosys Limited is an Indian Multinational Corporation that provides Business Consulting Information Technology and Outsourcing Services. It has Headquarters in Bengaluru. It established Infosys Foundation in 1996 to identify all the programs in the areas of Health Care, Education, Culture, Destitute Care and Rural Development.

It promotes Science and Maths Education in USA with an Emphasis on Under Graduate Represented Students. INFOSYS is one of the TOP Most software Company in India and it has launched various programs aimed at evolving a model through which an institution can partner for competitiveness, enhance the pool of highly capable talent for grow the industries in India.

INSIGHTS FROM INFOSYS:

- The main reason behind this- it lets student to know things practically through interaction, working methods and employment practices.
- It gives exposure from academic point of view. Main aim of Visit to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about the working environment.

Principal
Vignani's Institute of Management & Technology For Women
Kondapur (V), Gouresar (M), Medchal-Walkajolli (Dy. Dist. Medchal)
Telangana State

- Through these students get awareness about new technologies. Technology development is a main factor, about which a students should have a good knowledge. Visiting different companies actually help students to build a good relationship with those companies.
- Students can gain a combined knowledge about both theory and practical. Students will be more concerned about earning a job after having an Industrial Visit. It is related to any technical subjects like Computer Networks, Network Programming, Artificial Intelligence, and Business Intelligence, Big Data Analytics etc.

PURPOSE OF INDUSTRIAL VISIT:

- The purpose of an industrial visit to Infosys for computer science students includes several key objectives, aimed at enhancing their understanding and knowledge of the industry.
- To provide students with a real-world insight into the functioning of a leading IT services company.
- To understand the application of theoretical concepts in a practical, corporate environment.
- To gain knowledge about various business processes and operational models employed by Infosys.
- To observe the workflow and organizational structure of a large IT firm.
- To learn about cutting-edge technologies and tools used by Infosys in software development, testing, and deployment.
- To see live demonstrations of projects and understand the technical challenges and solutions.

Principals
Vignana's Institute of Management & Technology Pvt. Ltd.
Kondapur (V), Madrasar (M), And Tal - (Dist) - 515 002
Tirumala Hills

- To interact with professionals and industry experts, gaining insights into career paths and professional growth.
- To understand the skills and competencies required for a successful career in the IT industry.
- To observe the innovation culture at Infosys and understand how the company fosters research and development.
- To learn about ongoing research projects and collaborations with academic institutions.
- To see examples of real-world problems solved by Infosys and understand the methodologies and tools used.
- To gain insights into project management practices and quality assurance processes.
- To provide students with opportunities to network with industry professionals and explore potential internships or job opportunities.
- To build connections that can be valuable for future career prospects.
- To understand the work culture, ethics, and values that drive Infosys as a global IT services provider.
- To learn about the importance of teamwork, communication, and corporate social responsibility.
- To inspire students by showcasing successful projects and career stories from Infosys employees.
- To motivate students to pursue excellence in their academic and professional endeavours.

Principal
Vignani's Institute of Management & Technology For Women
Kondapur (V), Ghatkesar (M), Medchal-Malkajgiri (D)-501301,
Telangana State

- To receive feedback from professionals on the curriculum and skills being taught, helping institutions align their programs with industry needs.
- To identify areas for improvement in students' knowledge and skills based on industry standards.
- Infosys has a strong culture of innovation and employee engagement, and students can learn about the company's values and how they impact the work environment.
- Infosys is a large employer of computer science graduates, and students can learn about the company's recruitment process and job opportunities in various fields such as software development, data analytics, and cybersecurity.

Some possible questions that students can ask during the visit include:

- What are the current trends and challenges in the IT industry?
- How does Infosys approach innovation and R&D?
- What are the most important skills required for success in software development?
- How does Infosys prioritize employee engagement and development?
- What are the most exciting projects or initiatives that Infosys is working on?
- How does Infosys balance its global operations with its local presence?

CONCLUSION:

In conclusion, our industrial visit to Infosys was a valuable learning experience that provided us with a deeper understanding of the company's operations, culture, and values. The visit gave us a unique opportunity to gain insights into the company's technology and products, as well as its approach to innovation and R&D.

We were impressed by the company's commitment to employee engagement and development, and its focus on creating a positive work environment. The company's emphasis on innovation and digital transformation is evident in its various initiatives, such as its research and development programs, hackathons, and innovation hubs.

The visit also provided us with valuable networking opportunities, allowing us to connect with industry professionals and learn from their experiences. We were inspired by the company's social responsibility initiatives, such as its education and skill development programs, and its commitment to giving back to the community.

In conclusion, our industrial visit to Infosys was a valuable learning experience that will help us in our future careers. We believe that the skills and knowledge we gained during the visit will enable us to make meaningful contributions to our chosen fields and make a positive impact on society.

In conclusion, our industrial visit to Infosys was a valuable learning experience that provided us with valuable insights into the company's operations, culture, and values. We believe that this type of experience will be beneficial for students in the future, and we recommend that other students take advantage of the opportunity to visit Infosys.
