ABOUT THE AUTHORS

Dr. M. Vishnu Vardhana Rao is an Assistant Professor at the Department of Computer Science and Engineering, Vignan's Institute of Management and Technology for Women (VMTW), Hyderabad-501301, INDIA. He obtained Ph.D. from the Department of Computer Science and Engineering, at the Acharya Nagarjuna University, Guntur, and AP, INDIA. He obtained M.Tech degree in Computer Science and Engineering, at the Acharya Nagarjuna University, Guntur, A.P., and INDIA. His Ph.D. research focuses on Data Mining methods for applications in Building Damage Prediction. He qualified "AP-SET and UGC-NET" in Computer Science and Applications for Assistant Professor/Lectureship. He has 12 years of teaching experience and has published 10 technical articles in international scholarly journals. He has also published many conferences; a few are Springer, IEEE etc. He is also associated with reputed journals like Transaction on Emerging Telecommunications Technologies Wiley, Artificial Intelligence Review Springer, The Journal of Supercomputing Springer, IEEE Access, 2020, 2021 as a reviewer. He is highly interested in social activity and providing free-of-cost education to underprivileged students.

Mrs. Ch. Sudha Rani, received the B.Tech degree in Computer science and Information technology in 2003, M.Tech degree in Computer science and Engineering in 2008. She has 14 years of teaching experience. She is currently pursuing the Ph.D degree in Computer science and Engineering with GITAM University. She is currently an Assistant professor with the department of Computer science and Informatics, Mahatma Gandhi University. Her research interest includes Machine learning, Optimization, Information security.

Mr. Premkumar Borugadda received M.Tech degree in Computer Science and Engineering from Pondicherry University in 2013, Pondicherry, India. He is currently pursuing a Ph.D. Degree in the Department of Computer Science from Pondicherry University, Karaikal Campus. He has three years of teaching experience. He qualified "AP-SET, TN-SET and UGC-NET" in Computer Science and Applications for Assistant Professor/Lectureship. He has over ten research publications in refereed national and international journals. His research area is Machine Learning, Deep Learning and Computer vision. Research and Teaching are his passion. He received the "Young Researcher Award-2022" from the Institute of Scholars, Bangalore. He has a YouTube channel, "Machine Learning Lectures for Beginners".

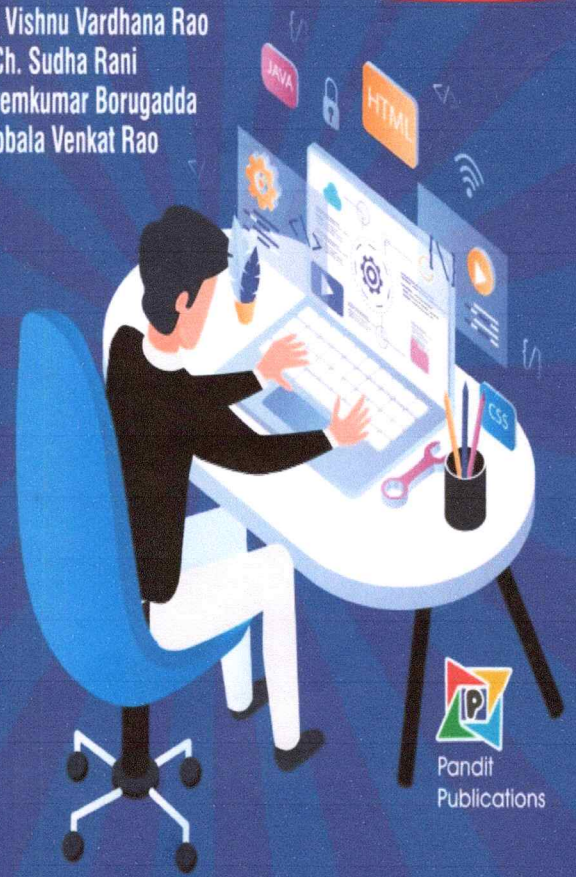

Mr. UBBALA VENKAT RAO received his M. Tech degree in Computer Science & Engineering from JNTU, HYDERABAD in 2014, he is having nearly 1.5 years of teaching experience. He is currently working as an Assistant Professor, Department of C.S.E. Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, Telangana, India. He has a total of 03 Research publications at International/National Journals.

About the Authors

Dr.G. Apparao Naidu is presently a Professor of Computer Science & Engineering and Principal, Vignans Institute of Management and Technology for Women (VMTW), Hyderabad. He served and held several Academic and Administrative positions including Principal (BEC), Vice Principal (ASR), Dean Academics (JBIET), Controller of Examinations (JBIET), Dean ICT (JBIET), Dean Library (JBIET), Head of the department (CSE & IT - ASR), Exam Branch In charge (JNTUK), Member Secretary Academic Council (JBIET), Chairman and Member of Boards of Studies (CSE-JBIET), Student's Advisor (JIC) and Team Lead (IIM & Data Analytics). He did his 10th standard from Z.P.P.H.S. Balijipeta. Diploma from A.A.N.M.R.V.V.R.S.R Polytechnic, Gadivveluru. B.Tech from V.R.S.E.C. Acharya Nagarjuna University, Vijayawada. M.Tech from Andhra University, Vishakhapatnam and Ph.D from JNTU, Kakinada. He has guided 5 Ph.D theses, 40 B.Tech projects and 20 M.Tech Projects. He has published 65 research papers at International/National Journals/Conferences. He has organized 2 International Conferences and 12 FDPs/Workshops. He has delivered 8 Keynote speeches/invited lectures on various CSE/IT/Professional Development related topics including the latest topics like Data Science, Big data, Cyber Security, Research, Research Methodologies, Research as a Career. He has Chaired 2 Sessions at the International National Conferences in India. He has the Research Grant for FDP (Completed) worth of Rs. 4.74 Lacs. His areas of research include Machine Learning, Information Security, Cloud Computing, Image processing and Software Engineering.

Mrs.M.Uma Devi received her M.Tech degree in Computer Science & Engineering from JNTUH, in 2014. She is having nearly 07 years of teaching experience. She is currently working as an Assistant Professor, Department of C.S.E., Vignans Institute of Management and Technology for Women, Ghatkesar, Hyderabad, Telangana, India. She is a member of ORCID. She is a life member of SDWC and IAENG. Her current research areas are Cloud Computing, Software Engineering, IoT and Machine Learning and Deep Learning.

Dr.Kanusu Srinivasa Rao working as an Assistant Professor (Selection Grade) in the Department of Computer Science and Technology, Yogi Vemana University, Kadapa. He has graduated (B.Tech) in Computer Science and Engineering from Jawaharlal Nehru Technological University, Hyderabad, Telangana, India. He has secured M.Tech in Computer Science and Engineering from Jawaharlal Nehru Technological University, Hyderabad, Telangana, India. He took Doctor of Philosophy in Computer Science and Engineering from Acharya Nagarjuna University, Guntur, Andhra Pradesh, India. He has qualified GATE and UGC-NET. His teaching experience is 13 years. He has presented 36 research articles in National and International Journals, Conference and Symposiums. His main area of interest includes Image Processing, Cryptography and Network Security, AI& Machine Learning.

Mrs.Ratnakumari Challa working as an Assistant Professor (Senior Grade) in the Department of Computer Science and Engineering, RGUKT, RR Valley, Ilupukpota, Kadapa. She has graduated (B.Tech) in Computer Science and Engineering from Jawaharlal Nehru Technological University, Hyderabad, Telangana, India. She has secured M.Tech in Computer Science from University of Hyderabad, Hyderabad, Telangana, India. She has qualified GATE (2007, 2009 & 2010), UGC-NET (2012 and 2014) and APSIT (2012). Her teaching experience is 12 years. She has presented 22 research articles in National and International Journals, Conference and Symposiums. Her main area of interest includes Security, Machine learning and Computer vision.

DIGITAL IMAGE PROCESSING has been the top textbook in the world for its subject. This sixth-generation edition was created with students and educators in mind, just like the Gonzalez and Wintz editions from 1977 and 1987 and the Gonzalez and Woods editions from 1992, 2002, and 2008. The main goals of the book are still to introduce readers to fundamental ideas and approaches relevant to digital image processing and to lay a

About the Authors

Dr. C. SRINIVASAKUMAR received his Ph.D. degree in Computer Science & Engineering from GITAM University, Visakhapatnam in 2013. He is having nearly 25 years of Teaching and Research experience. He is currently working as Professor & Dean, Department of C.S.E., Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, and Telangana, India. He has a total of 52 research publications at International/National Journals and Conferences. He Authored 6 text books and 9 patents & Copyright. His current Research areas are Data Mining, Machine Learning, Deep Learning, Data Science and Artificial Intelligence.

Dr. M. Srinivasa Rao, Professor, Department of Computer Science & Engineering, Lakireddy Bali Reddy College of Engineering, Mylavaram, Andhrapradesh, India. He received his B.Tech Computer Science & Engineering from Nagarjuna University in 1998. He completed M.Tech. in Software Engineering from JNT University, Hyderabad in 2001. He received Ph.D degree from JNTU Kakinada in 2018. He is having nearly 21 years of teaching and industrial experience. He is a life member of ISTF and CSI. He published 25 papers in various conferences and journals. His current research area is IoT, Block Cham, AI and Data Science. Email: srinu.mekala@gmail.com

Dr. VAKA MURALI MOHAN has obtained his B.Tech in Chemical Engineering from JNTU Hyderabad in 2001. He obtained his Master of Technology in 2004 and Ph.D in 2008 in Chemical Engineering from Andhra University College of Engineering Visakhapatnam. Dr. VAKA obtained his Master of Technology in Computer Science and Engineering in 2006 from JNTU Hyderabad and Ph.D Computer Science and Engineering from GITAM University Visakhapatnam in 2013.

Dr. VAKA took up teaching in 2005 at VIGNAN'S Engineering College (now it is VIGNAN UNIVERSITY) Vadlamudi and in 2008 he joined in TRR Group, worked in different levels as Assistant Professor, Associate Professor, Professor, Head of the Department and Vice Principal. Dr. VAKA has almost 15 Years of Experience in Teaching and Research.

His research interest includes solutions for mass and momentum transfer, controlled release fertilizers and computer application such as neural networks, support vector machines, speaker recognition, image processing.

Dr. VAKA authored 5 Text Books and published almost 85 research articles in different national and international journals and conferences. He is working as Editor-in-Chief for IASCT and IACTEE. Dr. VAKA also working as member in editorial board for 10 international journals across the world and presently working as

PRINCIPAL at MALLA REDDY COLLEGE OF ENGINEERING FOR WOMEN, Maisammaguda, Gundlapochampally(V), Medchal(M), Hyderabad, Telangana, India.

Bellamkonda Mamatha received her M. Tech degree in Computer Science & Engineering from JNTUH, in 2019. She is having nearly 1 years of teaching experience. She is currently working as an Assistant Professor, Department of C.S.E. Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, Telangana, India. She has a total of 05 Research publications at International/National Journals 01 Conferences. She is a life member of SDIWC and IAENG. Her current research areas are Cyber Security, Cloud Computing, Software Engineering, IoT and Machine Learning and Deep Learning.

We shall approach data science from scratch in this book. That implies that in order to better understand algorithms, we'll be designing tools and putting them into practice manually. I took great care to make implementations and examples that are understandable, properly documented, and readable. The tools we create will often be insightful but useless. They'll perform admirably on tiny toy data sets but fail on "web size" ones.

Cryptography is a subject whose application to daily life has dramatically changed. Historically, the public's perception of cryptography was shaped by both its use primarily to safeguard military communications and by puzzles for fun. However, most of us now use cryptography on a daily basis in large part because of the rise of computer networks, particularly the Internet.

VIGNAN'S INSTITUTE OF MANAGEMENT AND TECHNOLOGY FOR WOMEN

Sponsored by Lavu Educational Society, Approved by AICTE, New Delhi & Affiliated to JNTUH, Hyderabad. Kondapur (V), Ghatkesar (M), Medchal - Malkajgiri (D) - 501 301 Phone: +91 96529 10002/3

About the Authors

Mr. Vijaykumar R. Urkude is a multifaceted personality with an efficient technical expertise and management skills currently working as Associate Professor in the Department of Electronics and Communication Engineering, Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, where he has been since 2018. From 2018 to 2021 he served as Head of the Department. His research interests span both signal processing and VLSI Design. Much of his work has been on improving and understanding, design and customization mainly through the applications of low power, area and performance evaluation. He has authored over 20 papers and 2 book chapters in national and International publications. He holds 6 patents deriving from his research. He presented nearly 7 Quality papers in National and International Conferences.

Dr. P. Anil Kumar received his Ph.D. in Electronics & Communication Engineering from Sri Venkateswara University, Tirupiti in 2019. He is having nearly 7 years of teaching experience, 4 years of Research experience and 4 years of industrial experience. He is currently working as Associate Professor, Department of E.C.E, CVR College of Engineering, Hyderabad, Telangana, India. He has a total of 11 Research publications at International National Journals and 7 Conferences. He is a life member of IAENG. His current research areas are Low power VLSI, Image processing and Deep Learning.

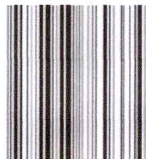

Mrs. G. Swathi pursuing Ph.D. in Electronics and Communication Engineering from Jewaharlal Nehru Technological University, Hyderabad. She is having 12 years of teaching experience. She is currently working as Assistant Professor, Department of ECE, Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, Telangana, India. She has a total of 8 Research Publications at International National Journals, 1 Patent Publication. She is a life member of ISTE. Her Current research areas are Low Power VLSI.

Mr. J. Sunil Kumar received his M.Tech Degree in VLSI System design from Electronics & Communication Engineering from JNTUH, 2012. He is having nearly 10 years of teaching and Research experience. He is currently working as Associate Professor, Department of E.C.E, Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, Telangana, India. He has a total of 14 Research publications at International National Journals, 5 Conferences. His current research areas are Low power VLSI and Wireless Communication.

See this image

The method of building an integrated circuit (IC) by fitting thousands of transistors onto a single chip is known as very-large-scale integration (VLSI). When sophisticated semiconductor and communication technologies were being developed in the 1970s, VLSI had its start. A VLSI device serves as the microprocessor.

About the Authors

Mr. Phari Krishna received his B.Tech. Degree from JNTU, Hyderabad, India in 2006. His M.Tech degree from JNTU, Hyderabad, India in 2011. He is pursuing his Ph.D. degree in biomedical signal processing from Vignan University, Guntur. He has 13 years of teaching experience. His primary area of research activity is Signal processing, Neural Network, Low power IC design, and Internet of Things. He has published many research article in referred journals. He is currently working as Assoc.Prof. & H.O.D in the Department of Electronics and Communication Engineering at Vignan's Institute of Management and Technology for Women, Hyderabad, Telangana.

Dr. K. Sateesh Kumar received his Ph.D. degree in Electronics & Communication Engineering from Sri Venkateswara University, Tirupati in 2019. Dr.S Kumar has more than 8 years of teaching and research experience after his M.Tech. He is currently working as Assistant Professor, Department of E.C.E, Sreevidya Institute of Science and Technology (SNIST), Ghatkesar, Hyderabad, Telangana, India. He has a total of 15 Research publications at International/National Journals, 4 Conferences and 1 Patent Publication. He is a life member of ISTE and review for various SCIScopus Journals. His current research areas are Machine Learning, Remote Sensing, and Digital Image Processing.

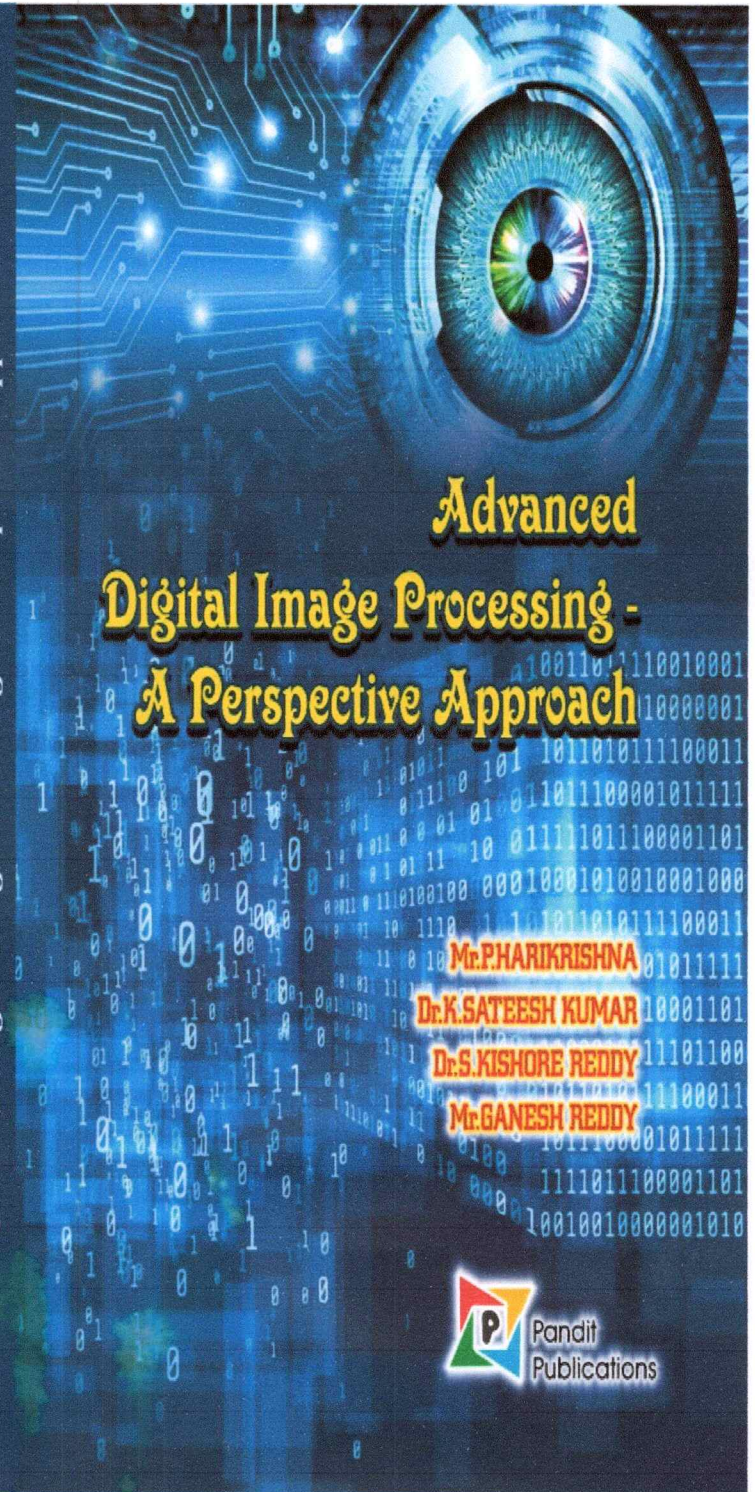

Dr. S. Kishore Reddy is currently working as H.O.D & Associate professor, Electronics & Communication engineering, Avanthi Institute of Engineering & Technology, Telangana, India. He is having nearly 15 years of teaching and Research experience. He received his PhD from University of Allahabad, U.P, India in the field of VLSI Design and he has received his M.Tech Degree from VLSI Design, CVR College of Engineering, JNTUH, Hyderabad, India. His main research includes signal & image processing, Digital electronics & wireless communications. He has published 43 papers in reputed national & international Journals. He has participated in different national & international conferences. He is having life memberships of MIAENG,MIACSIT,MISMTE, LMISTE,SMIACSIT,MIAENG,MAIRCC,SMUACEF,MSDIWC,MIIRJC.

Mr. Ganesh Reddy received his Master Degree Embedded System in Electronics & Communication Engineering from Jawaharal Nehru Technical University, Hederbad in 2018. He is having nearly 4 years of teaching and Research experience. He is currently working as Assistant Professor, Department of E.C.E, Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, and Telangana, India. He has a total of 7 Research publications at International Journals, 1 book chapter. His current research areas are IoT, Machine Learning.

About the Authors

Dr.RANGA SWAMY SIRISATI received his Ph.D. degree in Computer Science & Engineering from ANU, Guntur in 2019. He is having nearly 12 years of teaching and Research experience. He is currently working as Associate Professor, Department of C.S.E, Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, Telangana, India. He has a total of 25 Research publications at International/National Journals, 12 Conferences and 10 Patent Publications. He is a life member of ISTU, IET, SDWC and IAENG. His current research areas are Cloud Computing, Software Engineering, IoT and Machine Learning and Deep Learning.

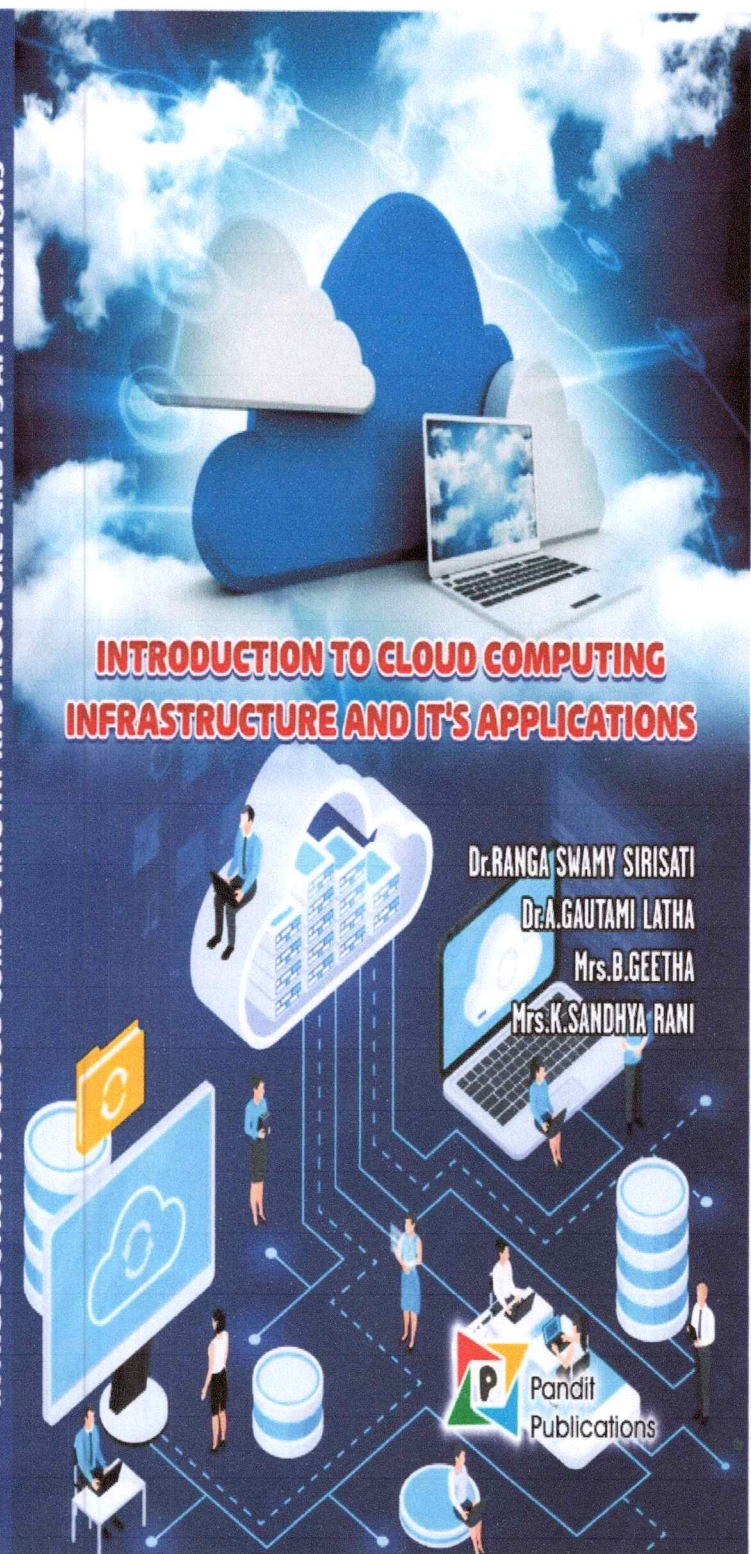

Dr.A.Gautami Latha an able administrator, having 18 years of teaching experience. Heading the Department - CSI in Sri Devi Women's Engineering College, Hyderabad. Obtained her Ph.D in Semantic Web-Data Mining from JNTU K, Kakinada 2018. Her areas of Interest include Data Mining, Image Processing, Artificial Intelligence & Machine Learning. She has published 17 International Journals, 2 International Conferences, 3 Patent Publications & 1 Design Patent. Published 1 Book & 2 Book Chapters. She received "Uttam Adyapika Award" in 2021 from Bharat Education Excellence Awards. She is a member of various professional bodies like CSI, IAENG & IEEE.

Mrs.B.Geetha received her M. Tech degree in Computer Science & Engineering from JNTU, Anantapur in 2012. She is having nearly 10 years of teaching experience. She is currently working as an Assistant Professor, Department of C.S.E, Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, Telangana, India. She has a total of 04 Research publications at International/National Journals, 01 Conferences and 01 Patent Publications. She is a life member of SDWC and IAENG.

Mrs.K.Sandhya Rani has completed M.Tech in 2015, in CVSR College of Engineering, and has a teaching experience of 11 years is currently working as a faculty of CSE Department in Malla Reddy Engineering College, Maisamaguda. She has a total of 10 publications in National International Publications and 1 patent publications has taught subjects as c,web technologies,CO,OS,PPL,IS,NS,CG etc. interested subjects are web technologies and IS.

About the Authors

Dr. G. Apparao Naidu is presently a Professor of Computer Science & Engineering and Principal, Vignan's Institute of Management and Technology for Women (VMTW), Hyderabad. He served and held several Academic and Administrative positions including Principal (BEC), Vice Principal (ASR), Dean Academics (JBLET), Controller of Examinations (JBLET), Dean ICT (JBLET), Dean Library (JBLET), Head of the department (CSE & IT - ASR), Exam Branch In-charge (JNTUK), Member Secretary - Academic Council (JBLET), Chairman and Member of Boards of Studies (CSE-JBLET), Student's Advisor (JEC) and Team Lead (IBM & Datamatics). He did his 10th standard from Z.P.P.H.S. Balijipeta, Diploma from A.A.N.M&V.V.R.S.R Polytechnic, Gudlavelluru, B.Tech from VRSEC, Acharya Nagarjuna University, Vijayawada, M.Tech from Andhra University, Vishakhapatnam and Ph.D from JNTU Kakimada.

He has guided 5 Ph.D theses, 40 B.Tech projects and 20 M.Tech Projects. He has published 65 research papers at International/National Journals/Conferences. He has organized 2 International Conferences and 12 FDPs Workshops. He has delivered 8 Keynote speeches/ invited lectures on various CSE/ IT/ Professional Development related topics including the latest topics like Data Science, Big data, Cyber Security, Research, Research Methodologies, Research as a Career. He has Chaired 2 Sessions at the International/ National Conferences in India. He has the Research Grant for FDP (Completed) worth of Rs. 4.74 Laks. His areas of research include Machine Learning, Information Security, Cloud Computing, Image processing and Software Engineering.

Dr. C. Srinivasa Kumar received his Ph.D. degree in Computer Science & Engineering from GITAM University, Visakhapatnam in 2013. He is having nearly 25 years of Teaching and Research experience. He is currently working as Professor & Dean, Department of C.S.E, Vignan's Institute of Management and Technology for Women, Ghatkesar, Hyderabad, and Telangana, India. He has a total of 52 research publications at International/ National Journals and Conferences. He Authored 6 text books and 9 patents & Copyright. His current Research areas are Data Mining, Machine Learning, Deep Learning, Data Science and Artificial Intelligence.

Dr. Pradeep Venuthurumilli received his Ph.D. Degree in Computer Science & Engineering from ANU, Guntur in 2022. He is having nearly 13 years of teaching and Research experience. He is currently working as Associate Professor, Department of C.S.E, St.Mary's Women's Engineering College, Budampadu, Guntur, Andhra Pradesh, India. He has a total of 15 Research publications at International/National Journals, 03 Conferences and 03 Patent Publications. He is a life member of ISTE, IET, SDIWC and IAENG. His current research areas are Cloud Computing, Software Engineering and Machine Learning and Deep Learning.

Mrs. M.Kavitha pursuing her Ph.D from KL University under Image Processing using Machine Learning Techniques. She is having more than 15 years of Teaching Experience. She is currently working as Associate Professor, Department of IT, Sridevi Women's Engineering College, Vattinagulapally, Hyderabad, 500075, Telangana, India. She has a total of 10 Research publications at International/ National Journals. Her Interested subjects are Machine Learning, Operating Systems.

The Internet of Things (IoT) is quickly taking root in the technology industry; it has managed to establish itself as a highly sought-after area of study and research in electronics and computing sciences. The world's interest in IoT has been piqued by the incredibly multidisciplinary nature of the fields to which it might be applied. IoT is used in a variety of fields, including industrial, military, and everyday consumer applications.

Building intelligent machines that can carry out tasks that traditionally require human intelligence is the focus of the broad field of artificial intelligence in computer science. Machines with artificial intelligence are capable of imitating mental capacities. Hence AI is becoming more prevalent in daily life and we are going to know the concept behind it in detail.

Telangana State

Product details

ASIN : B0BJK2QZNH

Publisher : Pandit Publications (1 January 2022)

Paperback : 130 pages

Reading age : 16 years and up

Country of Origin : India

Best Sellers Rank: #1,540,842 in Books (See Top 100 in Books)

#28,539 in Engineering (Books)

VIGNAN'S INSTITUTE OF MANAGEMENT AND TECHNOLOGY FOR WOMEN

Sponsored by Lavu Educational Society, Approved by AICTE, New Delhi & Affiliated to JNTUH, Hyderabad. Kondapur (V), Ghatkesar (M), Medchal - Malkajgiri (D) - 501 301 Phone: +91 96529 10002/3

About the Authors

Dr.SK.Masthan Basha received his B.Tech in Electronics & Communication Engineering, from JNTUH, Hyderabad, M.Tech in VLSI Design from Saityabama University, Chennai and received his Ph.D degree in electronics & Communication Engineering from Acharya Nagarjuna University, Guntur, Andhrapradesh in 2021. He is having about 14 years of teaching and Research experience. He is currently working as Associate Professor, in Department of E.C.E, Vignan's Institute of Management and Technology for women, Hyderabad, Telangana, India. He has a total of twenty Research publications at National, International Journals, seven conferences, five Patent Publications, and Four Best Academician awards from various International Societies. He is a life member of ANHEI, IAENG, and SOLETE. His current research areas Low power VLSI and Wireless Communication.

Dr. R. RAMESH BABU received his B.Tech and M.Tech in Electronics & Communication Engineering under Jawaharlal Nehru Technological University Hyderabad (JNTUH), Hyderabad respectively in 2003 and 2008. In 2017 he received his Ph.D from the department of Electronics & Communication Engineering at SRU University. He has been teaching in number of colleges for past 12 years and currently working as Head of Department in Electronics & Communication Engineering at Vignana Brundhi Engineering College, Hyderabad, Telangana, India. His long and continuous teaching activity includes courses on digital systems. He published more than forty publications in both International and National journals and conferences.

Dr.M.Pavithra Jyothi received her B.E. in Electronics & Communication engineering, from Anna University, Chennai, M.Tech in VLSI Design from Saityabama University, Chennai and received her Ph.D. degree in Electronics & Communication Engineering from SR University in 2017. She is having about 12 years of teaching and Research experience. She is currently working as Associate Professor, in Department of E.C.E, Shadan Women's College of Engineering and Technology, Hyderabad, Telangana, India. She has a total of 15 Research publications at national/International Journals, 4 Conferences and 2 Patent Publications. She is a life member of ANHEI and IAENG. Her current research areas VLSI Design, Artificial Intelligence, and Wireless Communication.

Dr.S.Kishore Reddy is currently working as HOD & Associate Professor, Electronics and Communication Engineering, Avanthi Institute of Engineering & Technology, Telangana, India. He is having nearly 15 years of teaching and Research experience. He received his PhD from University of Allahabad, UP, India in the field of VLSI Design and he has received his M.Tech Degree from VLSI Design, CVR College of Engineering, JNTUH, Hyderabad, India. His main research includes signal & image processing, Digital electronics & wireless communications. He has published 43 papers in reputed national & international Journals. He has participated in different national & international conferences. He is having life memberships of MIAENG, MIAUSTE, MISMTTE, LMISTE, SMIACST, MIAENG, MAIRCC, SMUACFE, MSDIWC, MIIR/C.

The purpose of this book is to give readers a foundational grasp of ideas related to digital systems, such as logic gates for designing circuits using combinatorial logic and higher-level logic components like counters and multiplexers. To completely eliminate design risks and the possibility of user injury, digital system design involves meticulous modelling and simulation study.
