Sub: Request permission for our B. TECH Students to visit your Organization-Reg.

Dear Sir,

We are one of the 8 well-reputed engineering institutions under Vignan Group of Institution, situated in Kondapur, Ghatkesar about 15kms from the city of Hyderabad. We are always ranked within first 10 ranks in JNTUH (Hyderabad). We have B.Tech and M.Tech courses in many branches of engineering, including Electronics & Communication Engineering. We wouldlike our student to get exposed to the industrial environment and more importantly industry practices, which would help them, upon their entry into any industry, to get in industry environment faster and deliver their jobs efficiently.

We are very much interested to bring our students to your esteemed Organization for an industrial visit. Two of our faculty will accompany the students for maintaining discipline and order during the visit. We assure you that we would not disturb your regular work/production and conduct our student with utmost discipline.

I request you to kindly grant permission for 76 students visiting on two different days, by accommodating 38 students on each day.

Thanking you,

Yours sincerely,

REPORT ON INDUSTRIAL VISIT TO CYGNUS MICROSYSTEM

D:8-04-2022

TO

The H.O.D

Department of ECE,

VMTW, HYDERABAD.

Sub: Visit Report on one-day industrial visit to CYGNUS MICROSYSTEM-Reg.

Respected sir,

The visit was organized with prior permission from CYGNUS MICROSYSTEM cheralpally, up on receiving the letter of permission from CYGNUS MICROSYSTEM , 76 students with Four faculty members Mr. K.AshokReddy, Mr.K.KarthikPaul, Mr.sunilKumar.J , Mrs.K.Mamatha mam went on an industrial visit to the CYGNUS MICROSYSTEM on 8-04-22. We visited all the major facilities and infrastructure of CYGNUS MICROSYSTEM. I am sure that this visit will helps the students in their future Professional life and brings a positive change in their thinking and practical behavior regarding education and specially engineering.

We reached CYGNUS MICROSYSTEM at around 9.30 am and after several security checks and administrative formalities, we were taken to a digital class room. After entering into the room. The theory class was started by Mr.RameshBabu Sir-The senior Manager.He has explained us by whom the company was started and main objective of their industry.

THEORY ABOUT THEIR MANUFACTURING DEVICES:

He explained us about their production i.e about manufacturing of data communication and networking devices. And explained about departments in their company.

Here we learned about the data terminal equipment and data communication equipment, Interphases and much more like RS232, V35 and E1, RS585 which was briefly explained and detailed by senior engineer Ramesh Babu Sir. And further detailed about the and gave us a knowledgeable information.

EXPLANATION ABOUT RAILWAY TICKET SLOT:

We have learned about the working of multiplexers and de multiplexers and their applications. We have seen the practical working of the multiplexers and de multiplexers. The devices contains automatic backup.MUX is 1 input into 16 slots and DEMUX is 16 slots into 8 outputs.Always no need to enter the password or details to get information of ticket booking (Their is a short key to enter the password in short cut and we can get information very easily).

ABOUT MODEMS:

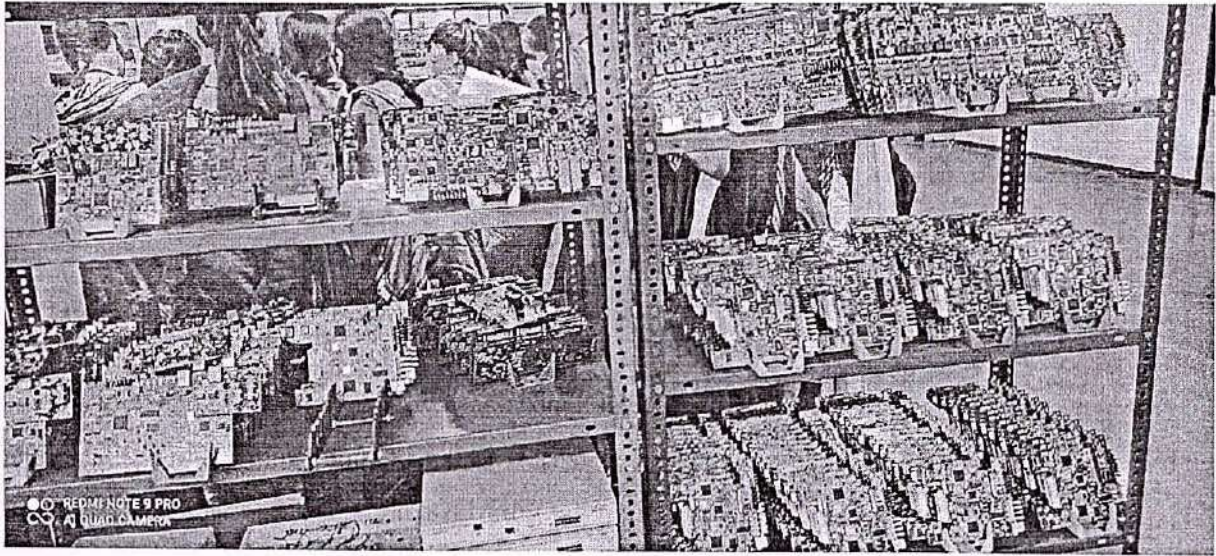

A modem modulates and demodulates electrical signals sent through phone lines, coaxial cables or other types of wiring. In other words, it transforms digital information from your computer into analog signals. That can transmit over wires and it can translate incoming analog signals back into digital data.

ABOUT MULTIPLEXER BOARD:

A Multiplexer which is also known as a data selector, is a device that selects between several analog or digital input signals and forwards the selected input to a single output line. The selection is directed by a separate set of digital inputs known as leased lines.

The above figures explains about E1 and router

- Support ILAN ports
- Support I E1/T1 WAN port
- Support built-in-4-port Ethernet switch function (Optional)
- Support router or bridge mode
- Multicolor LED Indicators
- Local or remote management through local console LAN or WAN
- Support CLI (Common line interface)

There we have learned about the different types of communicating channels and their characteristics and their classifications

1. Bandwidth:

A range of frequencies with in a given band in a particular that used to transmitting a signal (for an analog communication)

2. Impairments:

The ability to receive and send and process, comprehends and concepts or variable. A communication disorder may range in severity.

Ramesh Babu Sir was started practical session and manifested the PCB boards and IC chips and explained about the working principles of the particular devices and its uses, when and where it can be applicable in manufacturing of data communication. While the tutoring process going on. We were captured and noted the valuable information regarding this.

Respected sir,

Greetings from Vignan's Institute.....

I am writing on behalf of the Department of Information Technology at Vignan's Institute of Management and Technology for women. Our students are keenly interested in visiting T-Hub in Hyderabad to gain insights into the startup ecosystem and witness the innovation work taking place there.

We have a group of 40 students who would like to visit T-Hub Campus, and we are hoping to schedule the visit for 12.04.2022 and the timing may be 9.00 a.m. to 4.00 p.m. We understand that visiting T-Hub is a unique opportunity, and we are eager to make the most of this opportunity.

We kindly request your assistance in organizing this visit and would be grateful if you could provide us with necessary information to make the visit possible. Specifically, we would like to know the dates and timings that would be suitable for a group visit, as well as any requirements or restrictions that we need to be aware of.

We are excited about this opportunity, and we believe that this visit would be a valuable learning experience for our students. Thank you for considering our request, and we look forward to hearing back soon.

Thanks & Regards

Sub: Report on Visit to T-Hub Campus, Hyderabad

Respected Sir,

I am writing this report to provide you with an overview of the visit that the second-year IT students of Vignan's Institute of Management and Technology for Women (VMTW) had to the T-Hub Campus in Hyderabad on 12th April 2022. The visit was organized as part of our efforts to expose students to industry practices and technological advancements in the field of Information Technology.

Objective of the Visit:

The primary objective of the visit to T-Hub Campus was to familiarize the students with the functioning and activities of a technology incubator and encourage their entrepreneurial spirit. T-Hub is one of India's largest startup incubators, known for its innovative ecosystem and support for emerging businesses. We aimed to provide our students with insights into the startup culture, collaboration opportunities, and the latest technology trends.

Preparation and Arrangements:

Prior to the visit, our faculty members collaborated with T-Hub representatives to plan the itinerary and ensure a smooth execution of the visit. Necessary permissions were obtained, and transportation arrangements were made for the students and accompanying faculty members. Students were briefed about the purpose of the visit and provided guidelines to make the most out of this learning opportunity.

Visit Highlights:

The visit to T-Hub Campus proved to be an enlightening experience for our students. The highlights of the visit are as follows:

1. Campus Tour: The students were taken on a comprehensive tour of the T-Hub Campus, which provided them with a glimpse of the state-of-the-art facilities and the vibrant working environment. They observed various startup workspaces, co-working areas, and innovation labs, creating a conducive atmosphere for collaboration and creativity.
2. Interaction with Startups: Our students had the opportunity to interact with several startup founders and team members who were working within the T-Hub ecosystem. These interactions allowed them to gain insights into the challenges faced by startups, the importance of innovation, and the process of transforming ideas into marketable products or services.

intelligence, blockchain, and Internet of Things (IoT). These sessions were conducted by industry experts and provided valuable knowledge and exposure to the students.

4. Networking Opportunities: The visit also facilitated networking opportunities for our students. They were able to engage in meaningful conversations with industry professionals, startup founders, and fellow students from other educational institutions. These interactions enabled the exchange of ideas, experiences, and potential collaborations.

5. Idea Validation Sessions: T-Hub organized idea validation sessions where our students had the chance to present their own ideas and receive feedback from experienced mentors and entrepreneurs. This exercise encouraged critical thinking, problem-solving skills, and instilled confidence in our students' innovative abilities.

Conclusion:

The visit to T-Hub Campus was highly successful in achieving its objectives of exposing our second-year IT students to the startup ecosystem and fostering an entrepreneurial mindset. The students gained valuable insights into the world of startups, emerging technologies, and the processes involved in transforming ideas into successful ventures. We believe that this visit has broadened their horizons and inspired them to explore entrepreneurship as a career path.

We extend our gratitude to T-Hub for their warm hospitality, organization, and for providing this wonderful learning opportunity to our students. We also thank our faculty members for their support and guidance throughout the visit.

We are confident that such experiences will contribute to the holistic development of our students and prepare them for the challenges and opportunities in the IT industry.

Sub: Report on the Visit to Infosys SEZ Campus, Hyderabad

Respected Sir,

I hope this letter finds you in good health and high spirits. I am writing to provide you with a comprehensive report on the visit of the Computer Science and Engineering (AI&ML) second-year students of Vignans Institute of Management and Technology for Women to the Infosys SEZ Campus in Hyderabad, which took place on 24th May 2022.

Objective:

The primary objective of the visit was to expose in a real-world corporate environment and provide them with insights into the practical implementation of artificial intelligence and machine learning technologies. This visit aimed to bridge the gap between theoretical knowledge and practical application, enhancing the students' understanding of the subject matter.

Summary of the Visit:

The visit to Infosys SEZ Campus was organized in collaboration with the Industry-Academia Interaction Cell of our college. A total of 60 second-year students, accompanied by three faculty members, participated in the excursion. We departed from the college premises at 9:00 AM and reached the Infosys SEZ Campus at approximately 10:00 AM.

Upon arrival, we were warmly welcomed by the Infosys team, who provided us with visitor badges and guided us through the campus. The students were divided into smaller groups and assigned knowledgeable employees as guides who accompanied them throughout the visit.

Key Activities and Observations:

1. Introduction to Infosys: The visit began with a comprehensive presentation on Infosys, its history, global presence, and notable achievements. The students gained valuable insights into the company's focus areas, ongoing projects, and its commitment to innovation.
2. Campus Tour: The students were given a guided tour of the sprawling Infosys SEZ Campus, during which they had the opportunity to explore various facilities and departments. They visited state-of-the-art labs, research centers, and innovation hubs dedicated to artificial intelligence, machine learning, and emerging technologies.

3. Interactive Sessions: The students were engaged in interactive sessions conducted by Infosys professionals, including data scientists, AI experts, and machine learning engineers. These sessions provided a deeper understanding of practical applications, real-world use cases, and challenges faced in the field of Department of Computer Science and Engineering (AI&ML).

4. Hands-on Demonstrations: The visit also included hands-on demonstrations of cutting-edge AI and machine learning technologies. The students actively participated in workshops and experiments, where they were able to apply their theoretical knowledge to solve practical problems and understand the intricacies of the technologies.

5. Networking Opportunities: The visit facilitated interactions between the students and industry professionals, allowing them to network and gain valuable insights into the career prospects in the AI field. The students had the opportunity to discuss their career aspirations and seek advice from experts.

Conclusion:

The visit to Infosys SEZ Campus proved to be an enriching and highly beneficial experience for the Department of Computer Science and Engineering (AI&ML) second-year students of Vignans Institute of Management and Technology for Women. It provided them with valuable exposure to the practical aspects of artificial intelligence and machine learning and allowed them to witness the applications of their academic knowledge in a real-world setting.

The students expressed their gratitude for the opportunity and highlighted the visit as a pivotal experience in shaping their career paths. They have gained a deeper understanding of the industry requirements, emerging trends, and the potential impact of AI technologies.

We extend our heartfelt thanks to you and the college administration for supporting and approving this visit. We are also grateful to the Infosys team for their warm hospitality, valuable insights, and informative sessions that made this visit a resounding success.
