The department of Basic Science & Humanities has organized a one-day guest lecture in VMTW on "Gender Sensitization-Time to the mind set" on 26-11-2021 for II Year ECE and IT students.

Objective: To develop an interdisciplinary approach to the social and cultural constructions of gender that shape women and men in society. To develop awareness in regard to social systems and democracy.

Speaker: G.Anitha; assistant professor in AVNIET from English department has organized and participated in various workshops related to gender sensitization.

VMTW has organized a seminar to create awareness among students on gender sensitization, and the speaker has focused on an important question in our minds: "Why do we need gender sensitization?" and he focused on women's participation in every field of education, politics, art, media, sports, service, science, and technology. Even though women's participation is high, we are facing situations like dowry deaths, honour killings, rapes, acid attacks, Eve teasing, female infanticide, female foeticide, sexual harassment, and trafficking in women is increasing at a rapid pace. And also focused on the point that we need to sensitize our society and make them realize that everyone in society is equal.

The speaker has finally concluded that for better social, economic, and political development, women need to be developed, and creating an aware society is important. In the seminar, about 115 students of ECE and IT II have participated.
