List of Workshops/Seminars Conducted for the AY : 2021-22

S.No	Name of the Event	Date From – To	Page No.
RESEARCH METHODOLOGIES			
1	Seminar on Trends and Challenges in Current Research	20/05/2022 To 20/05/2022	2-8
2	Seminar on Ethical Practices in Research Paper writing	19/04/2022 To 20/04/2022	9-13
3	A seminar on Data Sciences and Big data analytics	30/03/2022 To 30/03/2022	14-19
4	Introduction to Machine Learning and It's Applications	21/03/2022 To 30/03/2022	20-28
5	A workshop on Security Issues and Solutions in Cyber Security	23/02/2022 To 25/02/2022	29-34
6	A seminar on estimating the hypothesis accuracy over sample data	27/01/2022 To 29/01/2022	35-40
7	Webinar on Importance of Mathematics in Research Development of Science and Technology	11/11/2021 To 11/11/2021	41-45
8	A One day Seminar on Women Research Promotion Scheme and Research Methodology	27/08/2021 To 27/08/2021	46-51
9	Seminar on Analysis of Results in a Research Paper	01/08/2021 To 01/08/2021	52-56
INTELLECTUAL PROPERTY RIGHTS(IPR)			
10	A Seminar on Intellectual Property Rights	02/06/2022 To 02/06/2022	57-64
11	One day Seminar on IP Awareness Program	20/01/2022 To 20/01/2022	65-67
ENTREPRENEURSHIP			
12	Seminar on Wake The Entrepreneur in You	12/04/2022 To 12/04/2022	68-73
13	One day Seminar on Motivation Towards Entrepreneurship	20/12/2021 To 20/12/2021	74-75

Program Report on Trends and Challenges in Current Research

Name of Seminar : Seminar on Trends and Challenges in Current Research

Conducted Date : 20/05/2022

Resource Person : Dr. K. Kiran Kumar, SMSK, Hyd

Organized by : Faculty of CSE Dept.

Resource Person: Dr. K. Kiran Kumar

Objectives of conducting workshop:

- To make students learn and interact with renowned industry experts.
- Make Students to receive an unparalleled education on the art of Recent Trends in Research Methodology with personal one on one attention.
- To make every student an expert in Recent Trends in Research Methodology which would be very useful for developing their own Research projects

Overview about Workshop :

The aim of this workshop is to make the students are going to gain basic knowladg in the field of Research for their projects handled in the B.Tech and upcoming studes. Research methods are very important to implements the projects their academics.

Issues and Trends:

Brands on the balance sheet, intellectual property, databases, information warehouses, intellectual capital, the 'learning company' – buzz words such as these all reflect the IT revolution's far-reaching effects on business. Don't underestimate it. But don't be fooled by it either. Its profoundest effects are likely to be precisely opposite to those suggested by the new conventional wisdom. The fundamental shift is not towards a so-called information age, but an imagination age. For all the breakneck advance of modern computing and communication technologies, what's really driving commercial success – including the performances of companies – is not hardware and software, but 'wetware': people and their ability to 'sense, judge, create and build relationships'. Fundamentally, it opens up new dimensions for branding: What drives businesses internally increasingly sells them externally too. As customers seek out the people 'behind' the brand, the most powerful communication channel moves from media to flesh and blood contact with customers through day-to-day operations. Brands which lack this contact risk being seen as two-dimensional. For brands which have it, management becomes an altogether more all-embracing, challenging and fascinating task. As we look at the world of business today, we see national borders blurring: suppliers and customers are everywhere. Lurking right beside them are our competitors. In business the race is not always to the swift, but that is the way to bet. The company that knows where customers are going and can supply them with the ever-changing needs of the trip in the twenty-first century will be the victor. Product development for the twenty-first century will be most effective when the marketing, R&D, manufacturing and engineering functions cooperate and when they understand one another. In the twenty-first century, marketing will experience as much pressure as the factory to improve productivity. Zero-defect principles applied to marketing's processes offer the promise of re-engineering systems for the benefit of both the firm's customers and its own sales and marketing work force. As we approach the twenty-first century, the economic borders of the world are shrinking, and the need for competitive awareness on a global perspective has increased

Feedback:

- All the above tips given in the session seemed very useful and efficient .
- The participants of the workshop had a wonderful experience during various practice and exercises.
- There were discussions in between and at the end of the session in which the doubts and queries of participants were resolved.
- The session gave the students and the faculty members an opportunity to learn how to choose and monitor the cloud application.

A Report on Two Day workshop on "Ethical Practices in Research Paper writing"

Type of Program : Workshop

Date : 19-4-2022& 20-4-2022

No. of Faculty Participated: 54

Faculty Coordinator : Mr. R Krishna Naik

Resource Person : Dr.Mahesh.K,

Associate Professor

CMR Technical Campus

Objective:

The purpose of research is to discover answers to questions through the application of scientific procedures.

The main aim of research is to find out the truth which is hidden and which has not been discovered as yet.

Though each research study has its own specific purpose, we may think of research objectives as falling into a number of following broad groupings:

1. To gain familiarity with a phenomenon or to achieve new insights into it (studies with this object in view are termed as exploratory or formulative research studies);
2. To portray accurately the characteristics of a particular individual, situation or a group (studies with this object in view are known as descriptive research studies);
3. To determine the frequency with which something occurs or with which it is associated with something else (studies with this object in view are known as diagnostic research studies);
4. To test a hypothesis of a causal relationship between variables (such studies are known as hypothesis-testing research studies).

2/4/22
PRINCIPAL
Vignan's Institute of Management & Technology For Women
Kondapur(V), Ghatkesar(M), Medchal-Malkajgiri(Dt)-501301
Telangana State

The Speaker explained the ideas which are demanded in market, strategies to convert ideas into research paper,. In addition, he shared his views on importance of Ethical practices in research with example illustrations and discussion .He also covered the area and field of startup research paper. His speech was followed by question answer session in which faculty get their doubts solved.

Dr.K.Mahesh is giving his Lecture on Ethical practices

Feedback/Suggestions:

- This workshop has been very inspiring and really feeling delighted to have been able to be a part of this.
- A very informative workshop.
- Content was relevant and well presented..
- Expecting more number of workshops like this.

Date: 30-03-2022

Name of the Program: Seminar on Research in Big Data Analytics
Organized by : Department of CSE (AI&ML)
Resource Person : Dr. G. Soma Sekhar, Department of CSE,
Geethanjali College of Engineering and Technology,
Hyderabad.
Email.Id:somashekar.cse@gcet.edu.in
Coordinator : Mr.G.Rajesh
Assistant Professor of CSE (AI&ML)
Date & Time : 30-03-2022 at 9:00AM to 4:00PM

Objective of the Seminar:

The main objective of this seminar is to inculcate the knowledge on latest technologies of **Research in Big data analytics**, to explore, sort and analyze metadata from various sources in order to take advantage of them and reach conclusions to optimize business processes or for decision support.

Outcome of the Seminar:

After completion of the "**Seminar on Research in Big data analytics**", the students are expected to gain a solid understanding of the core principles and concepts of data science, including data acquisition, data cleaning, data exploration, and data visualization, develop skills in handling and analyzing large datasets commonly encountered in big data scenarios, learn various statistical analysis techniques used in data science, such as regression analysis, hypothesis testing, and clustering.

Total 48 Number of members and 6 numbers of Staff had participated in the seminar. This seminar session had provided an excellent opportunity to learn about **Research in Big data analytics** to all the participants.

ONLINE FACULTY DEVELOPMENT PROGRAMME (FDP) ON Introduction to Machine Learning and Its Applications

(21 – 30 March, 2022)

Organised by

Electronics & ICT Academy, NIT Warangal jointly with
VMTW Hyderabad & IIITDM Kurnool

(Sponsored by Ministry of Electronics and Information Technology (MeitY), GOI)

Preamble:

“Electronics & ICT Academy” was set up at NIT Warangal with financial assistance from MeitY, Gol. The jurisdiction of this academy is Telangana, Andhra Pradesh, Karnataka, Goa, Puducherry and Andaman & Nicobar Islands. This academy role is to offer faculty development programmes (FDPs) in standardized courses and emerging areas of Electronics, Information Communication Technologies, training and consultancy services for Industry, Curriculum development for Industry, CEP for working professionals, Advice and support for technical incubation and entrepreneurial activities.

About the FDP:

To enhance the capabilities of participants with basic to advanced concepts of Artificial Intelligence and Machine Learning Inspire the attendees with skills and knowledge in the field of machine learning and python towards potential research with instructive skills in the domains of AI and ML

Major Course Contents:

Machine Learning:

- ❖ Introduction to Artificial Intelligence
- ❖ Introduction to Machine Learning
- ❖ Challenges and opportunities in Machine Learning
- ❖ Logical Inference, Knowledge Representation
- ❖ Supervised Learning, unsupervised Learning
- ❖ Reinforcement Learning, Searching Techniques
- ❖ Regression, Classification, Clustering, Association

Python Programming:

- ❖ Python Flow Control, Python Functions, Python Files
- ❖ Python Objects & Classes

Software:

- ❖ Jupiter Notebooks, Anaconda, Tensorflow, CUDA

Packages:

- ❖ Pandas, Numpy, Matplotlib

Python Advanced Topics:

- ❖ Python Iterator, Python Generator,
- ❖ Python Closure, Python Decorators, Python Property

Real Time Projects and Case Studies will be discussed

Faculty conducting this programme:

The programme will be conducted by the faculty members from NIT Warangal as well as Academicians in the concerned field from IITs/NITs/IIITs and other reputed Institutes. Speakers from industries are also expected to deliver as part of the course.

Registration Fee Particulars:

Faculty and Research Scholars	Rs.750/-
Industry Participants	Rs.2250/-

Participants need to pay the Registration Fee Online using the following details

Online Transfer Details

Account Name: **Electronics & ICT Academy NITW**
Account No: **62423775910**
IFSC: **SBIN0020149**
Bank and Branch: **State Bank of India, NIT (REC) Warangal**

How to apply:

Participants are required to fill the online registration form by clicking on the following link:

<https://forms.gle/Udrq9GceWx8ioidB7>

Selection Criteria:

Selection will be done based on first-come-first-serve basis to a maximum number of 60 (sixty). Additionally, 10 participants from industry are allowed to participate. The list of selected participants will be intimated through e-mail. In case a candidate is not selected, the DD will be sent back. Candidates will be issued satisfactory certificates on successful completion of the course. Reservations are followed for selecting candidates as per GOI norms.

Important Dates:

Last date (Application & DD)	16.03.2022
Selection List by E- mail	18.03.2022
Duration	21.03.2022 to 30.03.2022

About NIT Warangal:

National Institute of Technology, Warangal is the first among 17 RECs setup as joint venture of the Government of India and the state government. Over the years the college has established itself as a premier Institute imparting technical education of a very high standard leading to the B.Tech degrees in various branches of engineering, M.Tech. and Ph.D programmes in various specializations. All B. Tech and M. Tech programmes of NIT Warangal are NBA accredited.

About IIITDMK:

Indian Institute of Information Technology, Design & Manufacturing, Kurnool (IIITDMK) was announced in 2014 after receiving the assent of President of India to the Institutes of Information Technology Act, 2014, and its subsequent publication in the Gazette of India, Extraordinary, Part- II, Section I, on December 08, 2014. The institute was announced by Government of India to give effect to its obligation under the Andhra Pradesh reorganization act 2014. IIITDM Kurnool is fully funded by Ministry of Education.

About VMTW:

Vignan's Institute of Management and Technology for Women (VMTW), is the brainchild of Dr. L Rathaiiah, Chairman, Vignan Group of Institutions, was founded during August 2008. Having branches of CSE, IT, ECE, CSE (AIML, AIDS, DS) VMTW is an exemplary institution of higher learning and internet facilities, modern laboratories, workshops, seminar halls, auditoriums and well stocked libraries. The Institution boasts of a strong alumni network with alumni events held every year serving as a platform for past students to give back to VMTW and share their experiences with its present fellow students.

Department of CSE (Artificial Intelligence & Machine Learning) Online Faculty Development Programme Report On

INTRODUCTION TO MACHINE LEARNING AND IT'S APPLICATIONS

(21st March 2022 To 30th March 2022)

Organised by

Vignan's Institute of Management and Technology for Women

in Association with

E&ICT Academy, National Institute of Technology Warangal

The program was inaugurated in the morning 10.00 am on 21st March 2022, with the Resource Person Prof. P Radha Krishna, NITW, along with our Principal, Head of Department, faculty members and participants. The Event Coordinator Dr.S. Ranga swamy (Associate Professor & HOD).

In presidential speech, Hon. Principal Dr. G. Apparao Naidu shared his views with the faculty participants that if faculty wants to develop themselves and their students, then attending such faculty development program would enhance their skills of teaching concepts practically. Sir further shared that it helps to improve the performance of faculty in teaching and highlighted the importance and objectives of organizing faculty development program. He briefed the participants about the subjects chosen for the FDP and highlighted the reasons and importance of the same. In the welcome speech, Hon. Prof. P Radha Krishna shared his views on faculty development. He further added that this program will provide special benefits to faculty members. The inauguration program ended with vote of thanks by Dr. S. Ranga Swamy (Associate Professor & HOD), Department of CSE(AI&ML).

Valedictory Session

Receiving an overwhelming response from participants, the Ten-day FDP on "Machine Learning and its Applications" came to an end with the Valedictory Session, graced by Hon'ble Principal, Dr. G. Apparao Naidu on 30/03/2022 (the last day). Sir congratulated the management of the college, organizers, and all participants for their lively participation. Vote of Thanks was delivered by the FDP Coordinator Dr. S. Ranga Swamy (Associate Professor & HOD). "The end of a story is the new beginning for many others", the program concluded on this happy note.

Outcome of the Event

Total 63 Members are attended for this FDP. All the sessions were very informative. The discussed areas are of great benefit to the participants as the topics match with the academic curriculum. Participants were educated on Machine Learning based Applications like image processing, speech processing, video processing etc. The participants gained fundamental knowledge of machine learning. This FDP was immensely useful for the beginner level, middle level research scholars and Assistant Professors. The research scholars can get technical inputs for their research work from the Resource Persons.

FDP Sessions

The screenshot shows a Zoom meeting in progress. The main content is a slide titled "Historical perspective" with the following bullet points:

- AI pioneers (especially McCarthy and Minsky) realized the importance of KR to AI.
- McCarthy 1959: *Programs with commonsense* (perhaps the first paper on logical AI).
- Minsky 1974: *A framework for representing knowledge*.

The slide also features portraits of John McCarthy and Marvin Minsky. The meeting interface includes a "Participants (46)" list on the right, a "Meeting Info" section at the top, and a taskbar at the bottom with icons for Windows, Edge, and Chrome.

Viewing Ajay Bansal's application

What are the properties of a good KR language.

- **To start with: should be non-monotonic**
 - i.e., allow revision of conclusion in presence of new knowledge.
 - Hayes 1973 (*Computation and Deduction*) mentions monotonicity (calls it "extension property") and notes that rules of default do not satisfy it.
 - Minsky 1974 (*A framework for representing knowledge*) criticizes monotonicity of logistic systems.

Email.Id: drbvvsivsprasad@mallareddyuniversity.ac.in
Coordinator : Mr.G.Rajesh
Assistant Professor of CSE (AI&ML)
Time : 9:00AM to 4:00PM (3 days)

Objective of the Programme:

The objective of studying the Research methodology and its is to provide a systematic approach and framework for conducting research. It encompasses the methods, techniques, and procedures used to collect, analyze, and interpret data in order to answer research questions and achieve research objectives. The main goal of research methodology is to ensure that the research is conducted in a rigorous and valid manner, producing reliable and valid results.

Outcome of the Seminar:

The outcome of this seminar research methodology leads to valuable outcomes such as valid and reliable findings, evidence-based decision making, problem solving and innovation, discipline advancement, improved practices and interventions, contribution to literature, and ethical research practices. These outcomes contribute to the growth and development of knowledge in various fields, enabling progress and positive impacts on individuals, organizations, and societies.

CSE & ECE

Total 45 Number of students and 5 number of faculty had participated in the Seminar. This Seminar session had provided an excellent opportunity to learn about **Research methodology and its application** to all the participants.

Students appreciated the workshop because they can identify gaps in knowledge, develop research questions, and design studies to address those questions. Through the application of research methodology, innovative solutions can be discovered, leading to advancements in technology, medicine, social sciences, and other fields.

The Faculty participants felt very happy for attending the workshop because recognize the growing complexity of securing emerging technologies and the Internet of Things (IOT) and most of them given excellent in feedback.

We would like to thank our honourable Chairman Sri Dr. L Rathaiah garu , CEO Sri B. Shraavan garu, Principal Dr. G. Apparao Naidu garu and Dr.S.Ranga Swamy, HOD of CSE(AI&ML) for their support for successful completion of three days workshop.

We are extremely happy to inform all the HOD's and staff that there will be a FDP on "Estimating the hypothesis accuracy over sample data" for faculty. This is being conducted by IT Department from 27/01/2022 to 29/01/2022 at Seminar Hall. We expect excellent support and cooperation from the entire faculty to make it successful.

FDP REPORT

Name of the Program: **Estimating the hypothesis accuracy over sample data**

Organized by : Department of IT

Resource Person: A.Veera Reddy,
DB Admin, HCL Technologies, Hyderabad
Email.Id: veeraadla@gmail.com

Coordinator : Mrs.K.Helini
Assistant Professor of IT

Date & Time : 27-01-2022 to 29-01-2022 at 9:00AM to 4:00PM

Objective of the Seminar:

The objective of estimating the hypothesis accuracy over sample data is to assess the performance and reliability of a hypothesis or predictive model using a representative subset of the available data. This objective aims to determine how well the hypothesis or model generalizes to unseen data and provides an indication of its accuracy and predictive power.

Outcome of the Seminar:

The outcomes of estimating the hypothesis accuracy over sample data can provide valuable insights and inform various aspects of research, decision-making, and model development. Some potential outcomes are Performance Assessment, Model Selection, Generalization Ability, over fitting and under fitting Detection, Decision-Making Support.

Total 61 number of faculty had participated in the Seminar. This Seminar session had provided an excellent opportunity to learn about **Estimating the hypothesis accuracy over sample data** to all the participants.

Faculty participants have appreciated the FDP because they emphasize the importance of using appropriate statistical methods to estimate hypothesis accuracy. They may provide feedback on the choice of statistical tests, confidence intervals, p-values, or effect sizes that are relevant to the research context. And also they can encourage students to have a mindset of continuous learning and improvement in estimating hypothesis accuracy. They may provide feedback on exploring emerging estimation techniques, staying updated with advancements in statistical methods, and considering novel approaches for accuracy estimation.

We would like to thank our honourable Chairman Sri Dr. L Rathaiah garu , CEO Sri B. Shraavan garu, Principal Dr. G. Apparao Naidu garu and Mr.B.Phijik, HOD of IT for their support for successful completion of one day seminar.

Report on " Importance of Mathematics in the Development of Science and Technology"

Event Type : Seminar
Date/Duration : 11/11/2021
Resource Person : Prem Kumar Borugadda , Assoc. Professor, Asoka School of Business.
Email: premkumar.jones@gmail.com
Name of Coordinator : Mrs.R.Manjula

Prem Kumar Borugadda

Objective of the Event:

Mathematics is a branch of science, which deals with numbers and their operations. It involves calculation, computation, solving of problems etc. Its dictionary meaning states that, 'Mathematics is the science of numbers and space' or 'Mathematics is the science of measurement, quantity and magnitude'. It is exact, precise, systematic and a logical subject. It may also be defined as, 'Mathematics is the study of quantity, structure, space and change; it has historically developed, through the use of abstraction and logical reasoning, from counting, calculation, measurement, and the study of the shapes and motions of physical objects. Mathematics reveals hidden patterns that help us to understand the world around us. Now, much more than arithmetic and geometry, mathematics today is a diverse discipline that deals with the data, measurements and observations from science, with inference,

deduction, and proof; and with mathematical models of natural phenomena, of human behavior, and of social systems. The literal meaning of mathematics is "things which can be counted" now you can think that counting has vital role in our daily life; just imagine that there were no mathematics at all, how would it be possible for us to count members of the family, number of students in the class, rupees in the pocket, runs in a cricket match, days in a week or in a months or years? On a basic level you need to be able to count, add, subtract, multiply, and divide. Even nature also embraces mathematics completely. We see so much of symmetry-around us and have a deep sense of awareness and appreciation of patterns. Observe any natural thing and find out symmetry or pattern in it. Change of day into night, summer into winter etc. In plants there are innumerable examples of symmetry, shapes, patterns, etc. Such examples exist in animals, in objects, in pictures and other things. The sun rises and sets at specified moment.

The stars appear at fixed time. Mathematics runs in the veins of natural sciences like Physics and Astronomy. This subject is inextricably incorporated with world and the natural phenomena

Outcomes of the Event:

Mathematics teaching is very important for intellectual developments there is no other subject in the curriculum likes mathematics which makes students' brain active. Problem solving helps in the development of mental faculties. Mental work is needed to solve mathematical problems. If a child, has a mathematical problem her/his brain becomes active in solving that problem. Each problem of mathematics posses such sequence which is necessary for constructive and creative process. In this way, all-mental abilities of child are developed through mathematics. Moreover, mathematics makes the man very calculating so that she/he cans economies time, money, speech, thought etc. It develops a strong will power, patience and self-reliance. It, also develop the faculty of discovery and invention.

The "functional" aspect of mathematics stems from its importance as the language of Science, Technology and Engineering, and its role in their development. This involvement is as old as mathematics itself and it can be argued that, without mathematics, there can be neither science nor engineering. In modern times, adoption of mathematical methods in the social, medical and

physical sciences has expanded rapidly, confirming mathematics as an indispensable part of all school curricula and creating great demand for university-level mathematical training. Much of the demand stems directly from the need for mathematical and statistical modeling of phenomena. Such modeling is basic to all engineering, plays a vital role in all physical sciences and contributes significantly to the biological sciences, medicine, psychology, economics and commerce. Mathematics has been successfully used in the development of science and technology in 20th – 21st century

Feedback/Suggestions:

- More number of Seminars on similar advanced technologies
- Nice delivery of content made me to stick to entire session to listen. Nice one.
- One day is insufficient to learn both the complete concepts

Department of Electronics and Communication Engineering A Report on

“Women Research Promotion Scheme and Research Methodology”

Date: 29-08-2021

Department of Electronics and Communication Engineering conducted a seminar on – “Women Research Promotion Scheme and Research Methodology”, on 27-08-2021 for Faculty and Researchers.

Speaker Mr. B. Premkumar, Research Scholar, Pondicherry Central University.

A total of 20 members participated in the seminar. This seminar session had provided an excellent opportunity to learn about Women Research Promotion Scheme and Research Methodology to all the participants.

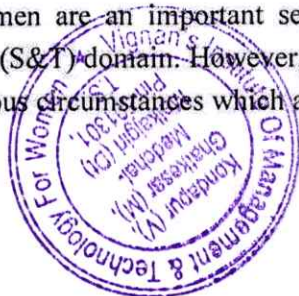

Date & Time: The seminar was conducted on 27-08-2021 at 1:00 PM–3:00 PM

We would like to thank our honorable Chairman Sri Dr. L Rathaiah Garu, CEO Sri B. Shraavan, Principal Dr. G. Apparao Naidu, and Mr. P. Hari Krishna, HOD of ECE for their support for successful completion of webinar.

All the participants felt very happy for attending the program and most of them given excellent in feedback.

The speaker explained how Women in India face several challenges in moving up the academic and administrative ladder due to systemic barriers and structural factors. Gender equality in scientific laboratories and institutions of higher education is not only about numbers but also about various micro and macro level factors operating at institutional level. There exist various policies and enabling environment in different institutions in India but a common approach or guiding principles to bridge the gender gap is still lacking. In the science and technology sector it is difficult to assess and evaluate the merit of existing processes/procedures from gender lens. This clearly demonstrates a need for multi-stakeholder interventions. While gender equality in science is an important consideration, it is also in the larger interest of scientific progress and society.

Women are an important section of the workforce, more particularly in the science & technology (S&T) domain. However, many well-qualified women get left out of the S&T activities due to various circumstances which are usually typical to the gender. The challenges faced by them

Women are an important section of the workforce, more particularly in the science & technology (S&T) domain. However, many well-qualified women get left out of the S&T activities due to various circumstances which are usually typical to the gender. The challenges faced by them are several but most often the "break in career" arises out of motherhood and family responsibilities. To address such issues, Department of Science and Technology (DST) launched "Women Scientists Scheme (WOS)" during 2002-03. This initiative primarily aimed at providing opportunities to women scientists and technologists between the age group of 27-57 years who had a break in their career but desired to return to mainstream.

Through this endeavor of the Department, concerted efforts have been made to give women a strong foothold into the scientific profession, help them re-enter into the mainstream and provide a launch pad for further forays into the field of science and technology.

Category of Fellowships:

Under this scheme, women scientists are being encouraged to pursue research in frontier areas of science and engineering, on problems of societal relevance and to take up S&T-based internship followed by self-employment. Following three categories of fellowships, with research grants, are available for Indian citizen:

1. **Women Scientist Scheme-A(WOS-A):** Research in Basic/Applied Science
2. **Women Scientist Scheme-B (WOS-B):** S&T interventions for Societal Benefit
3. **Women Scientist Scheme-C (WOS-C):** Internship in Intellectual Property Rights (IPRs) for the Self-Employment

Eligibility:

The scheme is meant to encourage women in S&T domain, preferably those having a break in career and not having regular employment, to explore possibility of re-entry into the profession.

Qualifications:

1. Minimum Post Graduate degree, equivalent to M.Sc. in Basic or Applied Sciences or B.Tech. or MBBS or other equivalent professional qualifications.
2. M.Phil/M.Tech/M.Pharm/M.VSc or equivalent qualifications
3. Ph.D. in Basic or Applied Sciences

Age:

The minimum age to apply in WOS-A & WOS-B is 27 years and maximum age is 57 years. Age relaxation of 5 years would be given to candidates belonging to SC/ST/OBC and physically challenged category. Attested copies of supporting documents in this regard must be enclosed.

Support:

This scheme will provide a research grant for a well-defined project proposal (under WOS-A and WOS-B) for a period of maximum three years. This grant will cover the fellowship of the applicant

and the cost of small equipment, contingencies, travel, consumables, etc. Institutional overhead charges will be extra.

The speaker concluded that we not only have the above-mentioned section, but there are also so many other schemes under AICTE, SERB-POWER fellowship and CSIR-ASPIRE, etc.

Relevant queries were arising from the side of faculty delegates. And they got justified answers from the speaker.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Date: 2/11/2021

Program Report

Name of the Program : Seminar on Analysis of Results in a Research Paper
Schedule dates : 1/11/2021
Resource Person : Dr.G.Neelima, Asst.professor, Acharya Nagarjuna University.
Email-id - neelima.guntapalli80@gmail.com

Objective of the Program

- Most primary research papers will be divided into the following sections: Abstract, Introduction, Methods, Results, and Conclusions/Interpretations/Discussion. The order will depend on which journal it's published in. Some journals have additional files (called Supplementary Online Information) which contain important details of the research, but are published online instead of in the article itself (make sure you don't skip these files).
- Before you begin reading, take note of the authors and their institutional affiliations. Some institutions (e.g. University of Texas) are well-respected; others (e.g. the Discovery Institute) may appear to be legitimate research institutions but are actually agenda-driven. Tip: google "Discovery Institute" to see why you don't want to use it as a scientific authority on evolutionary theory.

Outcomes of the Workshop:

1. A reminder of the type of analysis you used (e.g., a two-sample t test or simple linear regression). ...
2. A concise summary of each relevant result, both positive and negative. ...
3. A brief statement of how each result relates to the question, or whether the hypothesis was supported.

PRINCIPAL
Vignans Institute of Management & Technology For Women
Kondapur (V), Ghatkesar (M), Medchal-Malkajgiri (Dt.)-501301
Telangana State

4. This analysis will be beneficial for you since it develops your critical thinking and research skills. So, let us present the main steps that should be undertaken to read and evaluate the paper correctly.

Now, let's figure out what an analysis paper should include. There are several essential elements the reader should identify:

1. Logical reasons for conducting the study.
2. The description of the methodology applied in the research.
3. Concise and clear report of the findings.

Few Feedbacks of Faculty:

- It would be really a fabulous session that I have attended so far.
- Nice delivery of content made me to stick to entire session to listen. Nice one.
- Got an confidence of analyzing the research paper.
- Analysis is clearly explained.
- Thanks so much for compiling and sharing this great information on research papers analysis! This is what I need to complete my paper fast and effectively! Thanks again.

About the Workshop

The workshop on Intellectual Property Rights and Innovations is a one day National level workshop which covers different aspects of Intellectual Property rights such as Patents, Industrial design , copy rights, trademarks etc. It also covers hands-on-training on patent searches for innovations which will help in the conversion of projects in to various forms of IPR. The workshop is aimed to bring a positive transformation in the students and faculty members' attitude in their project and research works.

Program Schedule

10:00 a.m. to 10:10 a.m.	Welcome note
10.10 a.m. to 10:20 a.m.	Lighting the lamp and prayer
10:20 a.m.to 10:40 a.m.	Inaugural address by the Chairman
10:40 a.m. to 10:50 a.m.	Message by Principal
10:50 a.m. to 11:00 a.m.	Inaugural address by the Chief guest
11:00 a.m. to 11:05 a.m.	Vote of Thanks

3:45 p.m to 4:30 p.m.	Interaction with the guest

Objective of the Program

- In the internet age, IP rights are vital to the success of a business or brand. There are laws that protect owners of IP, mostly in the form of patents, copyrights, and trademarks. However, violation of the terms of these protections can lead to misappropriation and unfair competition. It can jeopardize economic success by slowing down the production of new ideas and content. Generally, the objectives of IP law include:
- Financial incentive – IP rights give creators of IP a financial incentive.
- Economic growth – IP law can facilitate economic growth by giving statutory expression to the creators' economic rights and promoting economic and social development through the fostering of fair trade.

Outcomes of the Workshop:

- Identify criteria's to fit one's own intellectual work in particular form of IPRs. Apply statutory provisions to protect particular form of IPRs.
- Analyze rights and responsibilities of holder of Patent, Copyright, Trademark, and Industrial Design etc.
- Identify procedure to protect different forms of IPRs national and international level.
- Develop skill of making search using modern tools and technics.

PARTICIPANTS:

32 members are participated.

Letter of Appreciation

Thank you very much for delivering an informative and thought provoking lecture as Guest Speaker on "IPR Programme" held on 20.01.22 at Vignani's Institute of Management and Technology for Women.

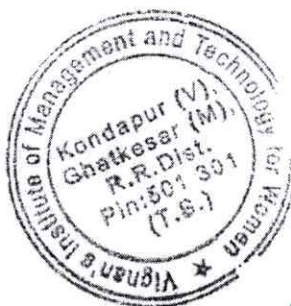

It was splendid presentation which exposed to students to the research field practices.

All the students appreciated and got benefited from your views on the subject.

Looking forward for your cooperation for the promotion of professional education in future as well.

SEMINAR REPORT

Name of the Program: **Wake the Entrepreneur in You**

Organized by : Department of IT

Resource Person: Dr.Mekala Srinivas Rao,Department of CSE,
Lakireddy Bali Reddy college of Engineering,
Mylavarm,A.P.

Email.Id: srinu,mekala@gmail.com

Coordinator : Mrs.K.Helini

Assistant Professor of IT

Date & Time : 12/04/2022 at 10:00AM to 12:30PM

Objective of the Seminar:

The objective of "Wake the Entrepreneur in You" is to inspire and motivate individuals to explore their entrepreneurial potential and pursue their own business ventures. This objective is focused on encouraging individuals to take action, develop an entrepreneurial mindset, and embrace the challenges and opportunities that come with entrepreneurship.

Outcome of the Seminar:

The outcomes of "Wake the Entrepreneur in You" can range from individual empowerment and business growth to economic development, job creation, and fostering a culture of innovation and collaboration. The program can have ripple effects that extend beyond the individual participants, benefiting communities and economies at large.

Total 50 Number of students and 5 number of faculty had participated in the Seminar. This Seminar session had provided an excellent opportunity to learn about **Wake the Entrepreneur in You** to all the participants.

Students appreciate programs or initiatives that inspire and motivate them to pursue entrepreneurial endeavours. They value the encouragement and support provided to explore their ideas, take risks, and embrace the entrepreneurial mindset.

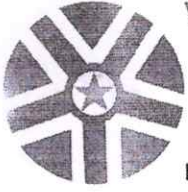

The Faculty, participants appreciated by attending the program because they find value in experiential learning opportunities that allow them to apply their entrepreneurial knowledge and skills in real-world scenarios. They appreciate programs that provide internships, apprenticeships, or entrepreneurship competitions to gain practical experience and validate their ideas and most of them given excellent in feedback.

We would like to thank our honorable Chairman Sri Dr. L Rathaiah garu , CEO Sri B. Shraavan garu, Principal Dr. G. Apparao Naidu garu and Mr.B.Phijik, HOD of IT for their support for successful completion of one day seminar.

Letter of Appreciation

Thank you very much for delivering an informative and thought provoking lecture as Guest Speaker on "Research & Development and EDP" held on 13.12.21 at Vignani's Institute of Management and Technology for Women.

It was splendid presentation which exposed to students to the research field practices.

All the students appreciated and got benefited from your views on the subject.

Looking forward for your cooperation for the promotion of professional education in future as well.

Place: Ghatkesar
