In this program, students have explained the importance of healthy diet, and to avoid the malnutrition and dehydration of people. NSS volunteers advised students about Healthy food and Junk food.

They further claimed that Nutrition and hydration are essential for health and quality of life. Food plays a vital role in maintaining hydration by replenishing lost sodium, electrolytes and amino acids, while eating also encourages fluid consumption by triggering thirst. Poor practice in nutrition and hydration care can lead to serious and avoidable harm to society health and wellbeing. 30 NSS volunteers actively participating in this program
