The competition provided the students with an opportunity to showcase their culinary knowledge and abilities in the areas of devising and following recipes, preparing dishes, and serving them in front of a panel of judges for evaluation on taste and presentation

In total, nine teams competed from all branches. Four criteria were used to assess their performance: The name of the dish, taste, presentation, and hygiene are the four factors. The judges announced the winners.

## Report on Bathukamma making competition

It was the 13<sup>th</sup> of October 2018, and preparations for the Bathukamma Celebrations were underway at Vignan's Institute of Management and Technology for Women. On this occasion, the college has organized a bathukamma making competition. The students were abuzz with anticipation as they had been practicing for the event.

Students made beautiful bathukammas by using different types of flowers. Among all the students, judges have selected two teams as winners and runners. After they were taking all the Bathukammas to the college's ground floor, welcomed everyone to the event and thanked them for preserving this culture.

Once in the grounds, a cultural program was held where some students performed folk. These folk dances are an important part of our cultural heritage, so it was great to have them performed at such an event. There were also songs about Bathukamma sung by some of the students, which added to the festive atmosphere. After that, there was a potluck lunch.
