Report on Tug of War

Event Name: **Tug of War**

Date: **18th March 2022**

Venue: **Campus Ground, VMTW.**

Sporting activities enhance national excitement and pride among the populace. One sport event that unites people through shared pride is tug of war. The event "Tug of War" was organized by Vignan's Institute of Management and Technology for Women on the occasion of Holi on March 18, 2022, in a grand manner.

We have conducted a tug of war competition. Students from all the departments participated in it. As you pull the rope in this game, you demonstrate strength while giving your teammates hope that they can carry you to victory. In this sport, two teams compete directly against one another in a contest of strength. This sport is used as a form of physical training to build strength in various countries.

Students have formed into different groups' branch wise and participated in this event. Each team contains seven members. Everyone who placed first or second received a medal. The procession was followed by a cultural program. The program featured performances of traditional Indian folk songs and dances. The students of the college performed with great enthusiasm and energy.
