REPORT:

VMTW, Ghatkesar organized an importance of women education program on 25th September 2021. The guest speaker for the program was Mrs. P. Srilatha, a motivational speaker.

Mrs. Srilatha began her talk by discussing the importance of education for women. She talked about how education can help women to break down barriers, achieve their goals, and make a difference in the world. She also talked about the challenges that women face in education, such as gender discrimination and lack of access to quality education.

Mrs. Srilatha then shared her own story of how she overcame the challenges she faced in education and went on to achieve success. She inspired the students to never give up on their dreams, no matter how difficult things may seem.

The importance of women education program was a success. The students learned a lot about the importance of education for women, and they were inspired by Mrs. Srilatha's story.

Here are some of the key takeaways from the event:

- Education is essential for women's empowerment.
- Women can achieve great things when they are given the opportunity.
- There are many challenges that women face in education, but they can be overcome.
- Never give up on your dreams, no matter how difficult things may seem.
