## Policy on Green Campus

### Objectives

Vignan institute of management and Technology for Women (VMTW) accept the moral responsibility in addressing the challenges of environmental sustainability and climate change. The institute incorporated planning and budgeting procedures into its strategy stand adopted best environmental friendly practices in the campus.

### Green Campus Initiatives:

- To improve practices to climate protection and adaptation of natural resources.
- To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste where possible.
- To make the campus free from plastic.
- To conduct Environment, Green and Energy audits at regular intervals.
- To conserve and protect ecological systems and resource
- To ensure judicious use of ecological resources to meet the needs and upcoming Generations.
- To reduce CO<sub>2</sub> emissions and make pollution free campus all the staff and students are advised to use bicycles and battery powered vehicles.
- To integrate environmental concerns into policies, plans and programmes for social economic development and outreach activities.
- To work with various organizations and communities to raise awareness and seek the Adoption of environmental best practice and the minimization of any adverse effects on the environment.

### Landscaping with trees & plants:

Landscaping is a key component of an ecosystem and involved in the regulation of various biogeochemical cycles, e.g., water, carbon, nitrogen. Landscaping converts solar energy into the biomass and forms the base of all food chains. It largely influences the energy balance at the earth's surface and within the atmospheric boundary layer.
