Awareness Campaign on Save our Thirsty Friends Keep Water for Birds

The scorching summer heat is sapping the energy of not only human beings but the birds are also feeling very thirsty. In order to quench the thirst of birds, the students of "VIGNAN INSTITUTE OF MANAGEMENT AND TECHNOLOGY FOR WOMEN" launched a unique drinking water and feeding campaign for birds at ghatkesar municipality. Students distributed to old water bottles and also spoke about the importance of feeding birds with water.

Awareness Campaign on Go Eco

The surrounding environmental conditions are very major role for all living organisms but now a days more and more usage of plastics and also throw the waste in surrounding environment due to this very more amount of pollution is generated due to this the students of "VIGNAN INSTITUTE OF MANAGEMENT AND TECHNOLOGY FOR WOMEN" Visited at primary School with students and surrounding Villagers of Kondapur and Ghatkesar town to create the awareness of using paper bags because paper is more recyclable than other materials due to this paper bags are used instead of plastic bags. The students trained children's and surrounding Villagers to make a paper bags.

Rain Water harvesting Program

Rain water harvesting is the simple process or technology used to conserve rainwater by collecting, storing, conveying and purifying of rainwater that runs off from rooftops, parks, roads, open grounds, etc. for later use. The main aim of this program is to help to fulfil the need of water to the Kondapur and Ghatkesar town and also increase the groundwater levels and reduce the depletion of reservoirs.

Awareness on Pollution and its Effects

Vignan Institute of Management and Technology for Women (VMTW) has organized awareness programme on Pollution and its Effects in Ghatkesar town, Hyderabad on 10th June 2019. This program benefits the students to create awareness among all sections of society among the importance of biodegradable bags.

The following parameter is used to give the awareness of pollution and its effect:

The major forms of pollution are listed below along with the particular contaminants relevant to each of them:

- Air pollution: the release of chemicals and particulates into the atmosphere. produced by industry and motor vehicles.
- Electromagnetic pollution: the overabundance of electromagnetic radiation in their non-ionizing form,
- Noise pollution: which encompasses roadway noise, aircraft noise, industrial noise as well as high-intensity sonar.
- Plastic pollution: involves the accumulation of plastic products and microplastics in the environment that adversely affects wildlife, wildlife habitat, or humans.
- Soil contamination occurs when chemicals are released by spill or underground leakage.
- Water pollution, caused by the discharge of industrial wastewater from commercial and industrial waste (intentionally or through spills) into surface waters;

Awareness Program on Say No to use Plastic Bag

Vignan Institute of Management and Technology for Women organized an awareness program on "Say no to use plastic bag". The campaign was carried out in one of the adopted village of Kondapur village. The objective of the campaign was to create awareness about the hazard of polythene bags.

The campaign was named "Say No to Plastic bag" with the theme "Educate and Support". Banners bearing this slogan were displayed at various places in the locality. They were also educated that polythene was not biodegradable and that these bags could choke the sewers. They could also spoil the fertility of the soil. Shopkeepers in the locality were requested to give up the use of polythene carry-bags.

"SAY NO TO SINGLE USE PLASTIC" campaign from 7th to 10th October to celebrate the iconic week announced by Hon'ble Prime Minister Narendra Modi under the celebration of 75th Independence Year of India (AZADI KA AMRIT MAHOTSAV).
